## BARROW SCHOOLS REGISTRATION

Registration is crucial for the school district to accurately plan for class sizes, staffing, and resources. By registering your child you can help us provide the best possible learning experience for all students.

To register your child, please visit the Barrow County Schools' official website and complete the online registration form. Ensure you have the necessary documents, such as proof of residence, immunization records, and your child's birth certificate, available to upload during the registration process.

Should you have any questions or concerns regarding registration, please reach out to your child's designated school for further assistance. Let's work together to make this upcoming academic year a successful and memorable one for all our students!

## The Magic of June: A Snapshot

June, the radiant beacon of summer in the Northern Hemisphere, derives its name from Juno, the Roman goddess of marriage and childbirth. This connection underlines why June is often favored for weddings.

Historically, key events have occurred in June, like the signing of the Magna Carta in 1215 and the D-Day invasion in 1944. It's also a month of commemoration, recognized globally as LGBT+ Pride Month and, in the U.S., it hosts Flag Day and Father's Day.

Fun facts about June include: it has the longest daylight hours of the year in the Northern Hemisphere; its birthstones are the pearl, alexandrite, and moonstone; and its flowers are the rose and honeysuckle. Those born in June fall under the zodiac signs of Gemini or Cancer. Lastly, for sweet-toothed folks, June is also National Candy Month in the U.S.

Whether you're celebrating a historic occasion or just enjoying the warm weather and extended daylight, June is a month filled with joy and appreciation.
