

ADDENDUM #1

RFP 20-003

**2020 LMIG Street Paving (re-bid)**

This addendum is being issued to address questions submitted on RFP 20-003.

**Q1.** I found this project to have bid on July 17 and I see it is rebidding on October 02. I was hoping you could tell me the reason for the rebid. Were zero proposals received, all proposals rejected or was this a result of the pandemic?

**A1.** There was a document missing from the original bid.

**Q2.** Can I get a plan holders list and estimated value for this project if available?

**A2.** There are no plan holders list for the project and the estimated value is \$100,000.

**Q3.** Since patching can be somewhat arbitrary or subjective, will the patch areas be marked prior to the bid date?

**A3.** Yes

**Q4.** What depth should be used for estimating the patching?

**A4.** 4" – 6"

**Q5.** How many driveways will need a tapered apron?

**A5.** Not necessarily tapered but level from edge of road to driveway for all driveways

**Q6.** How far from the edge of the road will the aprons extend?

**A6.** At the four-way at-least 20' each way

**Q7.** Is variable depth milling just for the patches or do you want the entire street

**A7.** Milling only for patches

This addendum should be signed and returned with your proposal.
